

BOMAG hand guided single drum vibratory rollers.
Our experience is the difference.

BOMAG's BW 55 E and BW 71 E-2 single drum vibratory rollers. Our experience is the difference.

Since BOMAG launched its first hand-guided vibratory rollers in 1957 our aims remain the same: easy transportation and handling, and outstanding cost-effectiveness when it comes to compaction performance. BOMAG single drum rollers combine these features to perfection. Developed especially for sub-bases and asphalt, these models make their mark with impressive performance and easy handling in the most confined areas. They are well suited to work on patching, foot and cycle paths, play areas, sports grounds and landscaping work. They are the rollers of choice wherever reliability, mobility and easy transport are demanded.

Benefits checklist.

Cost-efficient:

- Easy and safe transportation
- Easy unloading from the trailer – one man operation with no additional tools
- Durable, extra thick drum shell: extended service life Low fuel consumption
- Low fuel consumption
- Low hand-arm vibrations enable long daily periods of use
- Service kits
- 3-2-1 warranty for complete investment security

Higher utilisation:

- Wide range of applications
- Ideal for granular and asphalt materials
- Removable water tank as standard for use on asphalt work
- Easy operation against walls and kerbs with minimal side overhang
- Compact design for easy handling in confined areas

Proven reliability and consistent performance:

- Popular and proven Honda (BW 55 E) and Hatz engines (BW 71 E-2)
- Standard electric start on BW 71 E-2
- Extra drum diameter for high quality surface finish

On subbase...

... and asphalt.

BW 55 E with special paint finish (optional).

Users worldwide trust the BOMAG name. The company has been a part of the FAYAT Group since 2005. BOMAG has six branches in Germany, eleven independent subsidiary companies and four production units across the globe. More than 500 dealers in over 120 countries provide global distribution of BOMAG equipment together with specialist service support.
